U. S. Request For Special Rights In Germany Rejected

Rebuff Follows Exchange Of Notes On Anti-Jewish Measures

KEEP PEACE, DUCE URGED BY HITLER

Fuehrer Steps Into British-Italian Appeasement Parley

(By Associated Press)
The German government today disclosed it had rejected a request by the United States for "special rights" regarding race or creed for American citizens in Germany.

At the same time, Reichsfuehrer Hitler was reported to have stepped into the British-Italian appeasement parley by urging Italian Premier Mussolini to help keep Europe's peace for one year before demanding fulfillment of Italy's "natural aspirations."

Quoted Note Exchange
Germany's rebuff to the United States was disclosed through DNB, the official news agency, which quoted an exchange of notes between Berlin and Washington as an outgrowth of recent Nazi measures against Jews in Germany.

To an American note of Dec. 14, it said, Germany replied Dec. 30, declaring her willingness to discuss individual cases. DNB said that Washington, which sought assurance that American Jews in Germany would not have their treaty rights abridged by the anti-Semitic measures, had agreed to such consultation.

Reports of Hitler's message to Mussolini came from informed German sources as Chamberlain turned from his talks with Duce to pay respects to Pope Pius XI and as reports of the premier's conversations were being relayed to the United States and French ambassadors to Rome.

Not Ready to Pay Yet
The Fuehrer's reported request was interpreted as indicating that he was not yet ready to make payment to Mussolini his axis partner for Italian support at Munich, where Germany acquired Czechoslovakia's Sudetenland.

Inform sources, however, said Hitler's Sudetenland support Italy's interests principally against French colonial possessions, were turned to NAZIS, Page 5

Damages Are Asked In Accident Case

LISBON, Jan. 13.—Helen Kinzel, as administratrix of the estate of Mrs. Jane Pomplun, late Wellsville resident, filed suit Thursday in common pleas court asking \$10,000 damages from the Manufacturers Light & Heat Co.

The plaintiff asserts Mrs. Pomplun stumbled over an iron curb box on a Wellsville street May 4, 1938, sustaining injuries which confined her to bed until the time of her death, Aug. 17, 1938.

The petition states the curb box protruded three inches above the sidewalk. The company is charged with negligence.

TWO ARE SLAIN IN CLEVELAND STORE HOLDUP

Patrolman and Unidentified Robber Victims Of Gun Fire

\$800 IS TAKEN AS 2 BANDITS ESCAPE

Police Summoned as Safe-Opening Sets Off Alarm

(By Associated Press)
CLEVELAND, Jan. 13.—Patrolman James Goggin, 51, and a young unidentified robber were shot and killed today during the holdup of an east side department store where three men obtained \$800.

Goggin, shot in the stomach, was dead on arrival at a hospital. The slain robber, about 25 or 30, died at the scene, the Sachs department store at 7701 Central ave.

Safe Sets Off Alarm
Squads of police answered a burglar alarm set off when the store safe was opened.

The robbers were Negroes.

Two of the robbers fled after their companion was felled by police bullets.

At the county morgue, attendants said the robber was shot in the upper chest, and that a government check made out to a "George Jones" in the sum of \$30, was found in his clothing.

Police said they did not know whether the check had been issued to the victim or whether it was taken from the store.

Line Up Customers, Clerks
Leonard Kaplow, manager of the store, said the two gunmen lined up eight customers and salesmen and commanded employees to open the store safe and cash register.

Kaplow said the burglar alarm was set off as the safe was opened.

Just as the robbers were ordering up all into the store basement, the police ran into the store and the shooting started, Kaplow continued. "I heard at least two shots fired."

DEATH SUMMONS YANKEE OWNER

Col. Ruppert Dies; Leaves Fortune of More Than \$70,000,000

NEW YORK, Jan. 13.—Col. Jacob Ruppert, owner of the New York Yankees, died at 10:28 a. m. today.

Ruppert, who was 71, had been in ill health for many months. He took a turn for the worse early this week, and the last rites of the Roman Catholic church were administered to him.

Last April he suffered an attack of pleuritis (inflammation of the veins), and from this complications developed.

Ruppert, a bachelor and owner of vast real estate holdings, had a fortune estimated by associates as between \$70,000,000 and \$100,000,000.

In a bulletin issued last night at his Fifth ave. home, he was reported as "resting easily."

During the evening he was given nourishment in the form of egg and milk. Then he said good night and went to sleep. His personal physician, Dr. Otto Schwerdtfeger, said this morning Ruppert had had a restful night.

Earlier this week Ruppert had expressed confidence in his own recovery but his friend, Albert Brenan, said he was doubtful if the Colonel would survive long.

Fourth St. Pupils Await Animal Show

Members of the Junior High School association are awaiting what promises to be an interesting assembly program, to be given at 11 a. m. Tuesday at the Junior High school building.

The program will be put on by unit No. 7 of the United States Society of Zoology for the purpose of increasing interest in natural history.

Animals which the pupils will see, Principal Beman G. Ludwig said, will include an educated pony, prairie dog, an African green monkey, a gila "monster" from Arizona, an agouti, second largest animal of the rodent family, and the coat-mundi from South America.

Hopkins Weathers Senate Fire

Harry L. Hopkins

Questioned by members of a senate committee scrutinizing his appointment as United States secretary of commerce, Harry L. Hopkins, former WPA administrator, again denies a casual statement attributed to him, namely, "We'll spend and spend, tax and tax, elect and elect."

Hopkins, showing taking a drink of water in between questions and answers, admitted he erred in failing to discipline subordinates who permitted intrusion of politics into WPA.

Tax Commission Fires 170; State Highway Forces Cut

Director Robert S. Beightler Says He Has "Barely Scratched Surface" In Economy Move

(By Associated Press)
COLUMBUS, Jan. 13.—The state tax commission announced today dismissal of 170 provisional appointees with salaries ranging from \$1,560 to \$3,000 a year, to bring expenditures in line with reduced appropriations voted yesterday by the new Republican-controlled legislature.

Chairman Walter Mitchell announced the dismissals mostly in the sales tax division.

Mitchell said salaries ranged from \$1,560 to \$3,000 a year but he was not sure how much saving would be effected.

Among those dismissed were Examiners H. L. Ferneding, formerly appellate judge, of Montgomery county; and John Kabealo of Youngstown, former Ohio State university football player.

ECONOMY AX IS RAISED AGAIN; 265 LOSE JOBS

Liquor Store Employees Dropped As Governor Cuts Costs

NEXT 'OPERATION' SCHEDULED SOON

\$333,720 a Year Is Saved As Inefficient Are Weeded Out

(By Associated Press)
COLUMBUS, Jan. 13.—The economy ax with which Gov. John W. Bricker said he would prune Ohio's governmental overhead was raised again today after lopping off 265 state liquor store employees.

The governor said his next operation probably would center on the enforcement division of the liquor department and after it would come reorganization of the tax and civil service commissions.

Weed Out Inefficient

"We are sincere," Bricker said after the dismissal of the store employees was announced late yesterday. "We are not going to kick them off and replace them in two or three weeks."

"We are going to weed out the inefficient—that's all there is to it."

The governor asserted that the discharges effected a savings of \$333,720 a year. Abolition of the following jobs was contained in the wholesale sweep: Chief of permit division, \$5,000; two assistants to director, \$10,000; publicity director, \$4,500; supervisor of insurance \$3,600; supervisor of agencies, \$2,700; and two stenographers, \$2,600.

Announcement of the discharges came shortly after the new assembly completed action on a six-months' appropriation bill and recessed until next Monday.

The measure was sent to Bricker last night and he probably will sign it today and insure payment of salaries due state employees Jan. 15. Without the appropriation bill there would have been no money with which to meet the payroll.

Key Men Named

The appointment of several key men was announced by Bricker yesterday. Robert W. Frickey of Columbus was named comptroller of the liquor department at a salary

Constable Chases Motorist; Police Chase Constable

The police department's campaign against speeding through the school zones developed an oddity yesterday in the arrest of a Youngstown motorist.

Spotting a car "doing about 40," the police trailed the machine west on E. State st., to the vicinity of the postoffice and were intent on arresting the speeder when the driver proved to be Constable Harold V. Shepard.

Shepard, in turn, had been on the heels of a motorist who was exceeding the school zone speed limit, and in front of the postoffice overtook him.

Cheated, more or less, from an arrest, the police continued on their way, while the constable took the Youngstown driver, Jerome F. Haaz, before Justice William G. Rich, Jr., who fined him \$10 and costs on a charge of reckless driving.

Vernon Walters of Leontonia was cited to appear before Mayor George Harroff, following his arrest by Patrolman George Reash for speeding through the school zone on E. State st., yesterday.

Clyde Barber of the Damascus, charged by State Highway Patrolman Howard Hessinger with reckless driving, was fined \$10 and costs in the mayor's court last night.

Mrs. Bartholomew Dies In South Bend

Word has been received by friends here of the death of Mrs. C. E. Bartholomew at her home in South Bend, Ind., Thursday following two years of ill health.

Mrs. Bartholomew, 61, formerly of Salem, had lived in South Bend since leaving Salem ten years ago. She was born near Westville and spent her early life in this vicinity. She was married in Salem about 1901.

Surviving are her husband; one daughter, Mrs. Edward Russell Howard at home and a son, Dr. Paul C. Bartholomew of the University of Notre Dame, South Bend; and several sisters and brothers.

Funeral services will be held Saturday morning in Sacred Heart church in South Bend. Burial will be in South Bend.

STATE SHIVERS AS SNOW FLIES

Much of Ohio, including Salem, was blanketed today by a general snow which reached blizzard proportions.

The storm, which made driving hazardous, also sent temperatures tumbling. The roads around Salem were reported clear by state highway patrolmen, who said the dry snow was being blown from the highways by the strong winds.

City Streets Covered

In the city it was a different picture. Buildings protected the snow from the wind and it was soon packed down and motorists found driving treacherous.

At noon 1.10 inches of snow had fallen in Salem. The thermometer stood at 25 degrees, exactly the same as a year ago today. At noon yesterday the temperature was 32 degrees.

Two inches of snow fell in two hours at Wooster as the storm moved upstate after laying a hazardous coating on highways and city streets in central and southern Ohio.

A stiff wind whipped the snow into high drifts on some roads. The state highway department ordered its full force of snow plow workers.

Cincinnati Traffic Snarled

Two to three inches of snow, driven by a high wind, snarled buses and automobile traffic on the hilly streets of Cincinnati. Numerous minor accidents caused by skidding vehicles were reported both in Cincinnati and Hamilton.

The state highway department cautioned motorists in Knox and Coshocton counties to drive with extreme caution over roads covered with an inch and a half of snow. Cinders were being applied on curves and hills.

An inch of snow covered Canton and Stark county early today, with no indication of a let-up. The mercury dropped to the 18 degree mark during the night.

FIVE PRISONERS RECAPTURED BY ISLAND GUARDS

Desperadoes Break From Cells, Make Dash For Water

QUINTET LISTED AS LONG-TERMERS

Refuse Commands to Halt And Prison Guards Open Fire

(By Associated Press)
SAN FRANCISCO, Jan. 13.—Five desperate prisoners attempted to escape from fog-shrouded Alcatraz island prison early today and two were shot and wounded before guards captured the quintet.

The prisoners, all serving long terms, got out of the cell building in some mysterious manner at 4 a. m.

The thickest fog in years obscured the island prison in San Francisco bay.

Making a mad dash for the water, the convicts refused to halt at command of guards who opened fire.

Arthur Barker, serving life for kidnaping, was drilled through the head and leg and critically wounded.

Dale Stamphill, also under life sentence for kidnaping, was shot through both legs.

The other prisoners, thwarted in their daring attempt to get off the island, were Rufus McCain, serving 99 years for national bank robbery and kidnaping; Henri Young, 20 years for robbing a bank; and William Martin, a Negro, under sentence for 25 years for armed robbery of a postoffice.

WASHINGTON, Jan. 13.—More than 300 "hard boiled" convicts were locked in their cells on Alcatraz island today for careful inspection as a result of an attempted jailbreak by the prisoners.

Director James V. Egan said all federal prison guards would be suspended at Alcatraz pending a thorough search of every inmate.

He said prison officials had "no idea" where Arthur (Doc) Barker and his fellow convicts obtained a saw blade with which they early today escaped from their cells and gained the water's edge.

Every prisoner's clothing, shoes, bedding and cell will be subjected, he said, to closest examination.

CLUB CONTINUES CHILD AID WORK

Kiwanis Reviews Underprivileged Child Program, Which Will Be Extended Through 1939

Kiwanis club members, at their first business meeting of the year, at noon yesterday in the Memorial building, reviewed work on their principal objective for last year—care of underprivileged children.

The club unanimously decided to continue the project through the coming year.

More than two dozen cases were given attention during the last three months of 1938.

The work was done largely through the club's committee, headed by Supt. Earl S. Kerr. The co-operation of doctors, dentists, the City hospital, the Clinic and other agencies and individuals was lauded by the committee in its report.

Dr. C. J. Lehwald presided at Thursday's meeting.

Cosgarea Liquor Conviction Upheld

Common Pleas Judge W. F. Lones at Lisbon yesterday upheld the validity of the city's ordinance regulating the sale of liquor in remaining back to the mayor's court for collection of a \$200 fine and costs, the case of James Cosgarea.

Cosgarea's appeal from the city's decision in his case had been before the common pleas court since his arrest May 16, 1936, on a charge of selling liquor after hours.

Police Chief Ralph Stoffer prepared today to serve Cosgarea with a writ of execution for payment of the fine.

Still pending in common pleas court is the case of Myron Oana, who filed an appeal following his arrest here May 7, 1938, on a charge of exposing liquor on a table after hours.

The chief warned operators of beer gardens today that the closing hour is 12-midnight and that no sales are permitted Sundays.

CHANGING FASHIONS IN POLITICS

For signs of the times in politics one needs look no further than his own home town, or if by chance it's easier, he can look at his state capital, or at Washington, itself.

In all three he will find the spending doctrine on the pan. He will find politicians bidding for popularity not by promising to spend more but by promising to spend less.

That in itself wouldn't be important—politicians have been talking about economy for years—but when something's actually done about spending it's news in America. The new trend in government is toward retrenchment.

In 1936, when the Republican party reached out for a likely candidate to oppose President Roosevelt, Alfred M. Landon, the budget balancing governor of Kansas got the call. That was significant.

Mr. Landon was defeated, but the principle for which he was famous had been brought to attention. When it was time to vote again in 1938 on national issues the popular verdict on spending was unfavorable—so unfavorable the gist of the conversation of returning congressmen was how to cut down spending, not how to increase it.

Fashions change in politics, too. The new fashion is to cut down. In every corner of the country politicians are staking their popularity on a guess that their constituents are in favor of retrenchment.

A GREATER ITALY

When nationalism runs wild, imagination runs with it. Italy is calling for return of 10,000,000 emigrants to increase its population. Will they rush as one man to the nearest steamship office to book return passage?

Not long ago Premier Mussolini was quoted as follows in a public speech: "We are 40 millions squeezed into our narrow but adorable peninsula, with its too many mountains and its soil which cannot nourish so many. Hence it is obvious that the problem of Italian expansion in the world is a problem of life and death for the Italian race."

Thus, it is not a more populous Italy in a geographic sense but a more populous Italy in the sense of "race" and fascism which is the goal of expansion. A greater Italian population would have to find means of subsistence outside the mother country. "If Italy wants to count for something, it must appear on the threshold of the second half of the century with a population of 60 million inhabitants," Premier Mussolini has said. There is safety in numbers.

But how to get the emigrants to return; that is the question. They are, of course, free to go back. They are free to stay, also—a more attractive alternative in most cases than the glory of fascism and the struggle for expansion.

WHAT'S A TAX EXPERT?

Herman Oliphant, general counsel of the United States treasury since the dawn of the new deal and reputedly author of the undistributed profits tax, was called a tax expert. His death at the age of 54 removed from Washington's inner councils a man said to have had great personal influence over the President of the United States.

An expert surgeon is one who has performed many successful operations. An expert mechanic is one who merits confidence because he has proved he knows how to repair machinery. A tax expert is one who understands how to pluck a maximum of feathers from the taxpaying goose with a minimum of fuss, always having in mind the welfare of the goose.

Mr. Oliphant had taught the English language and the subject of law prior to March, 1933, when he was one of many Democrats who converged on Washington. He rose quickly to the post of general counsel for the treasury department. But as his services to the country are evaluated, it may be questioned whether or not he also rose to the status of an expert in taxation.

To the extent that he was responsible for a tax which has plucked a minimum of feathers with a maximum of fuss, his inexperience in the field of taxation is clearly established.

TSK, TSK AND TSK

In the machine industry in Russia things bogged down in 1938, according to the commissar in charge. More money was spent for salaries and wages than production warranted. So this year pay rates will be pared. Unless workers produce 25 percent more than they produced in 1938 their normal wages won't be restored.

New restrictions are going to be slapped on too;

no more coming in late and no more bonuses for taking care of the machinery. More work, less pay is the cry. These things have been made plain to machine workers, according to the Associated Press. It's a routine item of news which might have come from anywhere. There's nothing unprecedented in the discovery that wages are too high, production too low. Every so often, American managers discover the same thing and have to do something about it.

But Russia was the place where producers were going to repeal this disagreeable relationship between output and intake by owning the tools of production themselves. Apparently the old devil's still making trouble, even for communists.

THE STARS SAY:

For Saturday, January 14

RATHER treacherous and doubtful conditions prevail on this day, judging by the rather contradictory reign of important planets. In fact, there is a fairly devastating and disintegrating aspect which may cause sudden upheavals, unlooked-for developments and disturbances, with stubborn obstacles arising to thwart cherished plans. It may be necessary to make a complete aboutface. But shun quarrels, rash and impetuous behavior. Calm and discreet action may save the day.

Those whose birthday it is may prepare themselves for a precipitation of the unforeseen and unexpected, causing a disturbance, upheaval, rearrangement or even a complete discarding of cherished plans and objectives. Obstacles and setbacks threaten, but these will not be remedied or routed by strife, recklessness or turbulent conduct. Try quiet deliberation, discretion and sound consideration in devastating moments. Change environs cautiously. Be wary with strangers.

A child born on this day may be rash, headstrong, impetuous and quarrelsome, ready to vanquish all factors threatening to oppose or defeat its indomitable urges to do adventurous and unusual things in a big way. Its originality and audacity may seem to justify the drastic opposition to its success and reputation.

RELIEF CRISIS WARNING SOUNDED BY DIXON

COLUMBUS, Jan. 13.—A warning of a relief crisis in Ohio should congress reduce the federal deficiency appropriations bill and thereby trim the Works Progress Administration's allotment was sounded today by State Relief Director William C. Dixon.

While Dixon indicated that about 45,000 persons would be thrown out of work by the subsequent curtailment of the WPA program, Rep. Healy (D-Mass.) warned in congress yesterday that layoffs in Ohio would amount to 98,000. Dixon said that neither state nor local agencies had sufficient funds to carry the additional burden.

After hearing Rep. Dittner (R-Pa.) remark that Ohio led all states in WPA enrollment with a total of 176,899 persons, Rep. Jenkins (R-Ohio) declared in Washington that there was no reason for the state being on top "except the

fierce contest for United States senator and governor."

Ohio's direct relief expenditures in 1939 will reach \$25,000,000, Dixon estimated, about \$1,000,000 above last year. He said he would suggest to the legislature that counties with surpluses in relief accounts at the end of 1938 be required to spend the excesses before becoming eligible for further state aid.

Surpluses now exist in 60 counties, he said. Hamilton has \$167,000 and Scioto \$100,000. Balances in the other 58 counties brought the total to more than \$1,900,000, Dixon added.

Seven counties face deficits—Cuyahoga, Montgomery, Clark, Belmont, Fayette, Franklin and Morgan. Lucas county, which has not yet reported, Dixon said, was expected to be added to the deficit column. He said he was not certain as to the status of Champaign

county, the only other outstanding. The other 19 ended the year with relief funds exhausted.

OUR READERS

WOULD PURCHASE FARM

Editor The News:

City council action Tuesday night proved that I was right in my contention that the "Smith farm" should have been purchased and developed for recreational purposes, through a community organization, independent of city officials, giving the city the right to use water from the wells only in case of a water shortage.

The only cause of failure of that plan was that Salem was asleep at the switch when I first suggested it. For my part, the word park for the field should be forgotten and use name "Salem Recreation Field." Designated by name park, it automatically comes under jurisdiction of the park commission, which I feel is unwise at present time.

While Salem's Civic Improvement association (roll book registry over 125 names) merely marks time; it could be as I intended, used for exactly what council complained of being lacking. If that is not satisfactory why not organize under name of "Recreational Association?"

By doing that we can still pull the iron out of the fire, by buying the field outright from the city or turning on enough heat that council will say, "there is the field, do your own planning and financing, all we want is water when necessary."

While primarily our plan was merely for suitable playgrounds for west end children to keep them off city streets as Centennial park does in east end, with ample acreage (58 acres) to develop, we saw possibility of the skating pond, which provided fine vacation sport for people from all parts of town.

With the large list of petition signers we were encouraged to make it plain that we wanted the entire city to feel that this field was theirs to use for what Centennial park lacked the room for, and yet council failed to earmark a small \$500.

I feel that congratulations are due to both PWA and city council. So long as they assume separate attitudes, the water works surplus fund is safe, protected for future use where it will actually be needed.

GOOD NEWS TO SKATERS

Editor The News:

Monday city employees repaired break in dam, reinforced with planking, muck, and clay, a strip 35 or 30 feet in center of dam, result, very little seepage, and in 72 hours, flow from Butternut Run alone, a large part of former area is covered with water and water flowing steadily reinforced by water from rubber company plant, which empties into run near pond intake.

Pond can stand about 8 inches rise on weakest part of dam, provided weather stays cold, and no sudden hard rain comes.

Councilman Zimmerman suggested a small spillway preferably in run to avoid too strong a flow now, pond, so as not to wait too hard on dam, in case of sudden rain.

Water Balance Keeps Us Going, Doctor Points Out

By LOGAN CLENDENING, M. D.

Yesterday we discussed the wonderfully-balanced mechanism of the regulation of bodily temperature. Much of this depends upon an equally delicate mechanism, the water balance of the body.

Of all the substances we take into our bodies, water is the one which remains the most stable. The amount of water in the tissues hardly varies as much as a drop. If it does, if the body becomes dehydrated from hot weather and too much perspiration, serious consequences follow.

As for getting too much water into the cells, that is almost impossible. Experiments have been made attempting it by drinking such large amounts of water as to

Dr. Clendening will answer questions of general interest only, and then only through his column.

amount to saturation so as to add to the water content of the tissues, but hardly as much as a teaspoonful could be added. But even then very serious symptoms amounting to shock occurred from that small an addition.

Many Functions

Water performs many functions though on its way through the body. We are conscious of perspiration in the summer time, but even on the coldest day we have some invisible perspiration occurring constantly, the evaporation of which helps to keep the body in temperature equilibrium. Water is used by the salivary glands and the mucous glands of the nose and mouth, to keep these cavities moist. Much of our hourly comfort depends on that.

And all along the digestive tract the same lubrication occurs. Any excess of water in the body is spilled over through the kidneys, taking with it some body heat which also helps temperature regulation.

The regulation of water balance is maintained so far as intake is concerned by the sensation of thirst. This is certainly one of the most sensitive functions of the body. It regulates minutely how much water is needed. Nobody knows where the center of the sensation of thirst lies, but it must be part of every body cell. If the day is cold and not much perspiration is needed to regulate temperature, a man of average weight will drink about a quart of water a day. It is reported by a medical officer of the British army that in India the average intake among men of a regiment is from 10 to 15 quarts a day.

Every Cell Needs It

Thirst arises from the need of every cell in the body, but the local site which causes the acute sensation is the mouth, and if the mouth is kept moist, no matter how much the cells need water, the sensation of thirst will be largely alleviated. W. J. McGee, a geologist who has had wide experience in the desert region of the southwest, writes: "Thirst is commonly relieved by a moderate quantity of water; sometimes fruit acids and other acid substances exciting a flow of saliva are requisite for relief, and in the practical life of the range a pebble or a nail carried in the mouth is often efficacious."

Water is good treatment for temperature disturbances. It can be

EDITOR'S NOTE: Seven pamphlets by Dr. Clendening can now be obtained by sending 10 cents in coin, for each, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendening, 235 W. 45th st., New York City. The pamphlets are: "Three Weeks' Reducing Diet", "Indigestion and Constipation", "Reducing and Gaining", "Infant Feeding", "Instructions for the Treatment of Diabetes", "Feminine Hygiene" and "The Care of the Hair and Skin".

used both externally and internally. A hot bath and a hot lemonade are the best treatment for exposure to cold and chill these winter evenings. Cold water internally and externally is splendid treatment for fever. Indeed, in the treatment of many diseases the use of water could well be exclusively depended upon.

Reader: "Could a person gaining weight possibly have tuberculosis?" Answer: Certainly. It is a regular thing for patients under the rest treatment to gain 15 or 20 pounds or more.

QUESTIONS AND ANSWERS
I. F.: "Is it possible for a person who has a calcium deficiency to go to the other extreme by taking an overdose of same in the various tablet forms? What is the best way to get sufficient calcium for a person other than the ordinary milk ration?"

Answer: According to Sherman ("The Chemistry of Food and Nutrition"), "The ordinary mixed diet of Americans and Europeans is probably more often deficient in calcium than in any other chemical element." In spite of this authoritative statement, there are few conditions in which calcium deficiency can be proved clinically, and 80 per cent of those occur in children.

DEBATE LOOMS ON GUAM PLANS

Reorientation of American Far East Policies Forecast

WASHINGTON, Jan. 13.—Naval plans for immediate fortification of the island of Guam may become the focal point for a furious congressional debate over President Roosevelt's \$552,000,000 defense program.

Well-informed legislators said today the project pointed toward a complete reorientation of American policies in the far east.

The President's defense message the suggestion of a naval board for immediate establishment of a major air and submarine base on the island—only about 1,500 miles from Tokyo.

Would Assume Immunity

Such a base, the board said, would:

1. Assure practical immunity of the Philippines against a major attack.

2. Reduce to its simplest terms the defense of Hawaii and the continental coast of the United States.

3. Assure the ability of the American fleet to operate with greater freedom in meeting emergency conditions that might arise in the Atlantic.

Tokyo already has eyed with annoyance the establishment of an American trans-Pacific commercial line which has way points at Honolulu, Midway, Wake and Guam. Japanese newspapers said these islands could be used for military as well as commercial planes.

The airline was started late in 1935. Since then army engineers have begun harbor improvements at Midway and made preparations to improve navigation facilities at Wake.

Japs Fortifying

Under the Washington naval treaty of 1922 Japan agreed not to fortify its mandated islands in the Guam area. The treaty has expired and some congressmen declared that Japan already has gone ahead with fortifications.

Chairman Vinson (D-Ga.) of the house naval committee said he favored making Guam impregnable at the earliest possible date.

His group may start consideration of the proposal next week.

On the other hand, Rep. Brewster (R-Me.), who fought much of the administration's naval expansion program last year, expressed conviction the Guam project would touch off a congressional controversy "beside which last year's naval debate will pale into insignificance."

NOLAN GUNNING FOR DR. WATSON

Charges State WPA Administrator is Partial To Republicans

(By Associated Press)

COLUMBUS, Jan. 13.—Backed, he said, by a group of Democrats, including "several congressmen," John F. Nolan, Steubenville party leader, pressed a campaign today against Dr. Carl Watson, state Works Progress Administrator, for what he charged was partiality to Republicans.

Nolan said he had mailed letters to county chairmen and members of the state Democratic executive and central committees in which he said that Dr. Watson "appears to feel that the way to convince the people of Ohio the WPA is non-partisan is that he should give all the positions to the Republicans."

"I am not fighting Mr. Watson, and have nothing against him personally," Nolan asserted. "The letter was part of a move to get a fair share of patronage for Democrats and prevent their being discriminated against."

He added that he was acting at the behest of a group of Democrats which included several party congressmen.

Dr. Watson said he planned no counter-action to the letter which urged that Democrats write Sen. Vic Donahey and Ohio congressmen demanding the administrator's replacement.

"I have abundant proof," he said, "that my more than three years of administration of the WPA has been satisfactory to the public and honest Democrats. It must be that the truckless trucking business is getting bad."

A senate investigation committee disclosed a year ago that Nolan was stockholder in Shaw Transport, Inc., which had a state liquor hauling contract which it immediately subcontracted to another firm at about two-thirds the contract price a case.

Nolan was defeated by Dr. Watson for the state Democratic chairmanship in 1930 when George White was elected governor and headed the state party four years.

"11TH HOUR" JOB HOLDERS FIRED

Late Appointments Made By Davey Killed By Welfare Chief

COLUMBUS, Jan. 13.—Five "11th hour" Davey administration appointments to the state division of parole and probation were rescinded today by Welfare Director Charles Sherwood, who ordered two discharged employees restored to their jobs.

Sherwood ordered the discharge of the following named by Mrs. Myrna Smith, new parole board member and former personal secretary to Gov. Martin L. Davey: Augusta Allen of Kent, James C. Dorrington of Cleveland, Tom C. Knox of Cambridge, Joseph A. Kleinfelder of New Washington and C. H. Armbruster of Napoleon.

Marie Maher and Maxine Dreenan, both office assistants to the parole board, were ordered restored to their positions. Sherwood said they had been discharged on Mrs. Smith's orders.

Knox and Armbruster were Democratic members of the house in the last legislature.

Sherwood said in a letter to the parole board that an investigation of the appointments showed that they were not made during a meeting of the board but only by one member and that they had no legal effect. The board is required to approve appointees to the division.

Miss Dorothy Smith Bridge Hostess

Miss Dorothy Smith entertained bridge club members at her home on North Lincoln ave., last night.

In the bridge which followed a dinner, Mrs. Zora Trotter and Mrs. J. M. Kelley won prizes.

Mrs. Lawrence D. Beardmore was a guest of the club.

The next meeting will be held in two weeks, the place to be decided later.

Postpone Quilting

The Quilting club of the Women's Relief Corps has postponed its quilting next Wednesday to permit members to attend the Farmers Institute which will be in session here then.

Mrs. Matthew Moss is musician for the corps, having been installed with other officers on Jan. 10.

YOUNGSTOWN Police Trace \$5 Bills To Alliance, Youngstown Disorderly Houses

YOUNGSTOWN, Jan. 13.—A flood of bogus \$5 bills which were traced to disorderly houses in Youngstown and Alliance had stopped today, police said after the arrest of eight men charged under federal counterfeiting laws.

After more than three months' work, Detectives Clyde Read and John Albaugh prepared to arraign seven of the men before United States Commissioner Ross Dier today.

Arraignment of the eighth man, still held on suspicion, probably will come later.

The men to be arraigned, some of whom were picked up several weeks ago, are Joe Savko, 28; Myron Sheldon, 24; Morgan Stickle, 22; Andy Lesko, 21; Bernard Stickle, 21; Mike Kosko, 19; George Berlaet, 30.

The investigation was started when banks reported a flood of the fake \$5 currency. Read and Albaugh found the money coming from disorderly houses in Youngstown and Alliance early in November.

Firestone Renamed Lisbon Bank Head

LISBON, Jan. 13.—L. S. Firestone was re-elected president of the Firestone bank at a meeting Thursday of the board of directors. C. C. Connell was chosen vice president; R. C. Fox, cashier, and H. C. McCormick, assistant cashier.

The board, elected Wednesday at a stockholders' meeting, includes Firestone, Connell, C. P. Wright, J. H. Vogan, G. A. Rogers, M. Goldsmith and C. B. Firestone.

Speaks In Lisbon

LISBON, Jan. 13.—Judge Harry Brockway of East Liverpool addressed members of John Welsh post, American Legion, here last night and recited several poems of his own composition. A new one, not yet published, was entitled, "Red, White and Blue."

MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will invite you to dances and parties.

BUT if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep.

So in case you need a good general system tonic, remember for 3 generations one woman has told another how to get "smiling thru" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and thus aids in giving you more pep and lessens distress from female functional disorders.

You'll find Pinkham's Compound WELL WORTH TRYING!

Given More Leeway In Relief Grants

City and Perry township officials were given more leeway on relief distributions today, following the adoption of a maximum budget schedule at a meeting of municipal and township representatives of the county in Lisbon Thursday night.

The new budget, which is designed to take care of exceptional cases only, was set up after officials throughout the county reported that the budget adopted last October was not sufficient for the needs of some indigents.

Under the new schedule, those in charge of relief distribution may give up to the maximum amounts. Mayor George Harroff represented Salem at the meeting.

The old schedule provided \$4 a month for one person, \$7 for a family of two, \$10 for a family of three and then graduated in \$2 increases to \$24 for a family of 10.

The new arrangement gives \$6 a month for a single person, and then is graduated in \$4 jumps, instead of \$2. If the relief officials believe the recipients in need of the extra amount.

of \$5,000 a year, replacing Frank Hahn of Columbus. Don Fisher of Belmont county was appointed chief accountant and assistant comptroller at a salary of \$4,500.

John W. Galbreath, Columbus real estate man, was selected as a manager of the state agricultural board to succeed Herbert S. Atkinson, resigned. The position pays no salary.

The unemployment compensation commission announced that Thomas H. Hurst of Cleveland would succeed Jack Leister of Massillon, a provisional appointee, as chief of the commission's fiscal department. Hurst's civil service rating would give him a salary between \$250 and \$300 monthly.

Meanwhile, George Strain, state industrial relations director, said that Miss Elaine Sheffler had been discharged as superintendent of the minimum wage division because of "failure to be on the job." He said she had not been in the office since Monday. No successor will be named immediately, he added.

HOPKINS FAVORS HATCH MEASURE

Thinks Federal Employees
Shouldn't Take Part
In Politics
WASHINGTON, Jan. 13.—Harry
L. Hopkins, contending he had done
the "best job I could" to keep
politics out of relief, told the
senate commerce committee today
he thought congress ought to pro-
hibit political activity on the part
of federal employees.
The former WPA administrator,
testifying at a hearing on his nomi-
nation to be secretary of com-
merce, said, "I thought the Hatch
amendment should have been passed
and I think something of that
kind should be passed."
The Hatch amendment, defeated
in the senate by a close vote last
year, would have prohibited per-
sons receiving federal compensation
from engaging in political activity.
The lanky official endorsed the
Hatch amendment after lengthy
questioning by Senator Johnson
(D-Calif.) about charges of WPA
political activity in Pennsylvania.

MARRIAGE STUDY IN HIGH SCHOOL

How to choose Right Hus-
band Being Solved
For Students

CLEVELAND — How to choose
the right husband is being solved
for John Hay high school seniors
in a course added recently to the
school curriculum.
In addition the girls learn what
factors are conducive to a happy
marriage and what should be the
length and conduct of an engage-
ment.

"We train for every other occu-
pation, but often neglect the most
important one of marriage and give
no thought to it," said Mrs. Win-
ifred Weir, instructor of the 31-
member class.

"We try to make the girls realize
that marriage should have not only
a physical but a mental and spiri-
tual basis also."
Parents have not objected to the
class discussions because the vari-
ous topics are handled in tactful
manner. The discussions cover all
important phases of marriage—
including how to care for a baby,
plan for rent, clothing, meals on
a limited budget and choose and
furnish a home.

No Rigid Regulations
"No laws are set down, but all
points are discussed thoroughly,"
Mrs. Weir said.

"Usually all the class members
are able to distinguish between
right and wrong after the discus-
sion has closed. For example,
girls entering the course often
think that their future husband's
salaries should range anywhere
from \$40 to \$200 a month. Some
thought that \$100 would be suf-
ficient to begin married life.

"After they studied budget plan-
ning, however, they learned the
minimum on which they could live
at least comfortably—if not mag-
nificently."

She said that the class studies
also how to adjust one's self to
another's personality—how to get
along with friends and families.
There usually is lengthy discussion
on how late a girl should stay out
at night, Mrs. Weir added.

Two Become Engaged
"The length and conduct of the
engagement is a vital class topic. It
is interesting especially to two of
our girls who have become en-
gaged since beginning the course,"
she said.

"We point out that the engage-
ment is a period in which the
couple may become better ac-
quainted and find out whether
they are suited for each other."

"We ascertain, too, what quali-
fications a future husband should
have if he is to make a good hus-
band."

Parents felt formerly that after
a girl was married it was time
enough for her to learn how to
keep house and take care of a baby.
Mrs. Weir said. She said that a
life-size doll is used in the demon-
strations accompanying the talk on
baby-care.

"Only seniors in the last semester
of school are eligible to take the
course."

She added that the course has
been well received by both stu-
dents and parents.

Hackenschmidt, the Lecturer

George Hackenschmidt

Although he now follows the calm pursuits of lecturing, George
Hackenschmidt, 64, once the world's wrestling champion, still is in
good physical condition. Now in New York for lectures, Hacken-
schmidt displays the arms that ended the hopes of many challengers
in 1905 and 1911 when the "Russian Lion" was champ.

Report Is Negative
LISBON, Jan. 13.—A negative re-
port was returned Thursday by the
state department of health on the
head of a dog sent to them for
examination by Dog Warden Dan
Butch earlier in the week.

The dog is said to have bitten
William Juergens, Salem telephone
lineman. It was destroyed by its
owner. Mr. Butch states the report
is one of four negatives returned
following examination of 35 heads
sent to Columbus in the past 14
months by the dog warden.

FINISHES WORK AT OHIO STATE

Max Caplan Compiles En- viable Scholastic Mark At O. S. U.

Max Caplan, who will receive his diploma from Ohio State university next June, has succeeded in compiling an enviable scholastic record at Columbus and at present is considered the outstanding member of the Senior class in the college of law at the university.

Max has actually finished his schooling but has to wait until June to receive his diploma. He completed his scholastic studies last month and immediately applied to the Ohio State Bar for permission to hang out his shingle.

Takes Bar Exam

He took the January bar examinations and is now in Salem awaiting word of the outcome.

Caplan entered Ohio State's college of law in September, 1933, following his graduation from Akron university, where he had received high honors in both scholastic and extra-curricular activity, having been president of his class; captain of the debating team; captain of the golf team; president of the dramatic society, etc., and generally recognized as the leading student figure on the campus.

During his first year in the law college, he was pledged and initiated into Tau Epsilon Rho, one of the four legal fraternities at Ohio State.

Shortly thereafter he was chosen by his fellow members to serve as their president. Also during his first year Caplan was elected to the position of secretary of the University Bar association, at an election in which the entire student body of the law school participated. He served very capably in this position, university officials said.

During his second year in the law college, he occupied the chairmanship of the college social committee, sponsoring the law school dances and other social affairs.

Conceives School Banquet

He was also one of the several students who conceived the idea of holding the first annual law school banquet, an event which since has become an established part of the college program, serving to promote closer cooperation among the alumni, faculty and students of the law school.

Caplan is presently serving as chairman of the committee in charge of this year's school banquet, at which time he will preside in the capacity of toastmaster.

In addition to his many varied activities, Caplan has, during his tenure at Ohio State, discharged his duties as page in the Ohio senate.

Report On Library Submitted to Board

COLUMBIANA, Jan. 13.—At the meeting of the Columbiana library board, the report of the librarian, Mrs. R. E. Weaver, showed a total circulation of books, during 1938, of 19,833. This represents an increase of about 50 per cent over 1937. There were 397 new patrons during the year.

The December circulation was 1,722. During the year 1,034 new books were added. The president, Mrs. Virginia Feiger, reported that construction work on the new library building is being delayed at the request of PWA officials, so that the contractor, J. G. Madden & Sons, East Palestine, can continue work on the East Palestine High school addition. Later, they will move their entire force to the Columbiana job. In the meantime, the contractor is constructing a temporary office and tool building on the library lot.

At the regular meeting of Benjamin Firestone post, American Legion, Wednesday evening, post members voted to hold the usual Washington's birthday banquet, which will be open to the public. A program will include a guest speaker and music. The Kiwanis and Rotary clubs will be asked to join in the meeting, which will be held on Monday evening Feb. 20, in the Legion hall.

Today's Pattern

NEW SLIP DESIGN

Pattern 4842
Here's a candidate for the title "Here's the season's best-fitting slip!" These full-length panels are ever so flattering to everyone who is a fourteen to forty-two, for they give such a smart line, both over the diaphragm and down the back. They may be either bias cut or straight—(use your fabric on the bias if you wish a more molded effect!) This neckline may be the pretty style sketched, or more square. And you may use the pattern again for a party-time slip, too, cutting the style lower at back! The shoulder straps are in one with the eased-in side sections, and are the type that stay in place without coaxing (that's the kind you, and every other woman, like best!)

Pattern 4842 is available in misses' and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 2 3/4 yards 39-inch fabric.

Send FIFTEEN CENTS (15c) in coins for this Anne Adams pattern. Write plainly SIZE, NAME, and ADDRESS and STYLE NUMBER.

Write TODAY for ANNE ADAMS' SPRING PATTERN BOOK—just off the press! It's the best of news for everyone planning a made-at-home wardrobe! You'll find pages of fresh new styles. Bolero frocks for all ages! Suits and their accessories! Cruise wear, about-town clothes, wedding creations! Budget tips and suggestions for "dressing down your weight!" Youngster styles from kiddies to the "swing" age! Also around-the-house dresses, lingerie, and things to make for men! Order now! PRICE OF BOOK, FIFTEEN CENTS. PRICE OF PATTERN, FIFTEEN CENTS. BOOK AND PATTERN TOGETHER, TWENTY-FIVE CENTS.

Theatre Attractions

Outdoor action fans will find everything they want in the new "Hopalong Cassidy" romance, "The Frontiersmen," which shows tonight and Saturday at the Grand theater. It packs a swift-paced story in the best Clarence E. Mulford tradition, offers a background of the west's grand scenery and boasts a "he-man" cast headed by William Boyd, George Hayes and Russell Hayden.

Seek Lay and Order

"The Frontiersmen" deals with the efforts of hard-riding, straight-shooting ranchers to establish law and order in the cattle country of the untamed west. This time their chief adversary is the mayor of the small New Mexico town near which they live, who is secretly leader of a rustler gang and uses his office to cover up his illegal activities.

The struggle waged between "Hopalong Cassidy" and the crooked mayor for control of the local school is the chief interest of the picture. The real object of the struggle is the children, who "Hoppy" wants to turn into hard-working, law-abiding ranchers and break of their frontier habits.

Romance enters the picture in the person of Evelyn Venable, cast as a frontier school teacher, who charms both the hardy frontiersmen and hot-tempered school-kids into obedience. When the mayor turns his attention from the school to the teacher herself, "Hoppy" decides that the time has come to stop him in his tracks once and for all. He and his saddlemates go into action against the rustlers, and the result is one of the most exciting range wars in a "Cassidy" story.

As special attractions are offered the famous St. Brendan boys' choir, members of which portray the school kids, and the scenic background of the San Jacinto mountains, believed to be the highest setting in recent screen history. Merle Oberon and Gary Cooper will be seen in "The Cowboy and the Lady" at the State tonight and Saturday. Patsy Kelly, Harry Davenport, Mabel Todd, Walter Brennan and Fuzzy Knight are seen in the supporting cast.

How Sharecroppers Camp Along Highway

View of highway near Siketon, Mo., showing sharecroppers camping out

Here is a view of the highway near Siketon, Mo., showing southeast Missouri sharecroppers, mostly Negroes, camping out along the road in protest against the growing movement in the cotton coun-

try to abandon sharecropping in favor of the employment of day laborers. Leaders of the wandering homeless contend some landowners had evicted renters to avoid sharing crop benefit payments.

Dorothy Houston personally thanked the matron for flowers she received while ill.
 All applicants not having taken the first and second degrees are requested to be present at the grange meeting on Tuesday evening, January 17.

King's Daughters Meet
 Twenty-five were present at the meeting of the King's Daughters class of the Lutheran Sunday school at the home of Mrs. Leonard Hively at Columbiana Monday evening. A surprise shower was given Mrs. Cecil Clay, a recent bride. Games were enjoyed and a delicious lunch was served by the hostess. The next meeting will be at the home of Mrs. E. O. Hill.

Guests in Shirley Home
 Mr. and Mrs. E. E. Miller and Mrs. Floyd Miller and daughter Gertrude of Canfield, and Mr. and Mrs. Clarence Hoffmann of Wellsville were Sunday afternoon guests of Mr. and Mrs. Ensign Shirley.

Mr. and Mrs. Warren Weikart had as dinner guests Sunday Mr. and Mrs. Charles Slocum and children, Miss Isabella Weikart, and Mr. and Mrs. Kenneth Brudery.

Sunday callers at the home of Mrs. Inetta Slagle were Mr. and Mrs. Leonard Porter and family, Thelma Porter, Mr. and Mrs. Cliff Slagle and family of Poland, and Hettie Parker of Cleveland.

The Springfield township basketball teams will play here this evening.

Mr. and Mrs. Guy Sigle and Mr. and Mrs. John Davis of Greenford grange attended the installation of officers at Greeley grange, Columbiana county, last Wednesday evening.

Mr. and Mrs. A. G. Cobourn were Sunday guests of their son, Donald

Cobourn, and family, at Middleton. Mr. and Mrs. William Nichols had as their guests last week their son, David Nichols, and Mrs. Nichols' sisters, Miss Ada Linhoes, Miss Vena and Mrs. Cora Baker, all of Dayton, Va. On New Year's day all were guests of Mr. and Mrs. E. K. Nichols at Canfield, in honor of William Nichols' birthday.

Heath To Wed

SEATTLE, Jan. 13.—Jeff Heath, 22, left fielder of the Cleveland baseball team, and Miss Althea Bell Calland, 19, obtained a marriage license here yesterday. Heath said he was waiting for a new contract from the Indians and that the wedding date had not been set.

QUAKER CAGERS GO AFTER THIRD WIN TONIGHT

SEMI-FINAL IS ATTRACTION ON FIGHT PROGRAM

Comiskey Steals Choice Spot From Other Boxers In Show

NEW YORK, Jan. 13.—Patrick Edward Comiskey, an 18-year-old prodigy from Paterson, N. J., will make his boxing debut tonight when he fights one of the top fighters in the world, Tommy Farr, the ever-losing Welshman and Red Burman of Baltimore. It is, furthermore, by popular demand.

Comiskey's duello will occur on fewer than two other 10-round heavyweights, Gus Dozario of Philadelphia meeting Roscoe Toles of Detroit in one, and Buddy Knox of Dayton, O., facing Frank Fiorentino of Philadelphia in the other. All this beef on the hoof has been forced to give way to the glamor boy from Paterson.

The oldest inhabitants say nothing like it has ever happened before, and chances are they are correct. Special permission from the boxing commission was necessary before the bout could be sandwiched between the three "main events."

Comiskey happens to be the hottest thing in the way of novice heavyweights in the country right now. At last official credit he had scored seven straight one-round knockouts. His right-hand punch that stiffens every man it hits is becoming a legend.

Due to his tender years, Pat probably will not be permitted to fight a six-rounder before 1940. Promoter Mike Jacobs is predicting that the sensational youngster will, before that, draw as high as \$2,500 for a four-round engagement. The basic pay for a four-rounder at the Garden is \$100, and \$2,500 doubtless would set a record.

Comiskey's first garden appearance was on the Nova-Farr program a month ago. None except the earliest arrivals saw him, for he had his scared opponent out with the first lick he hit him, in the opening preliminary.

So many managers have tried to buy a piece of Comiskey that Bill Daly, who owns the boy, has set a price of \$40,000 for a half-interest, knowing full well that no manager has that much cash money.

Lieberman is by far the best fighter that Comiskey has yet encountered, and it is entirely possible that Daly will lower his figure somewhat after tonight. He admits Pat can't box a lick, but there's no doubt about his punch.

Despite his four straight defeats in this country, he has been established a 5-to-12 favorite over Burman in the nominal headliner.

REFUSES OFFER FOR MAN O' WAR

Riddle Turns Down Bid Of One Million Dollars for Champion

NEW YORK, Jan. 13.—In 1939, at the age of 22, 10 years after he quit the turf with the most notable record in American racing history, Man O' War continues to make news. Last week his owner, Samuel D. Riddle, turned down an offer of \$1,000,000 cash for him. It was by far the largest offer ever made for a race horse.

The offer came, appropriately enough for so huge a bid, from Louis B. Mayer, Hollywood film producer. Riddle revealed yesterday it was flatly refused, for Riddle had never intended to part with his famous runner and sire and had just completed arrangements setting up a trust fund for the son of Fair Play-Mahubah.

The trust fund will continue Man O' War in his pleasant regal state if Riddle and Mrs. Riddle die before he does, and makes provision for his burial in the same plot with his sire and dam.

Mayer's offer was a surprise one—at 22 Man O' War's value as a sire has declined. Since entering the racing game, Mayer has bought heavily, purchasing among others William Woodward's Perfection, Ozden Phipps' Magic Hour (for \$25,000) and Thomas Hitchcock's Osabaw.

Riddle bought Man O' War in 1918 from the late August Belmont for \$50,000. "Big Red" won 20 of 21 races before being retired at the end of his three-year-old season, losing only one upset, and won \$249,465 in purses.

As a sire Man O' War has seen his get win almost every important flat race and England and America's greatest jumping races.

The highest price ever paid for a horse, according to the records, was the \$265,000 paid in 1920 for Unze, the Argentine breeder, for August Belmont's Tracery.

Buy Player

SAN DIEGO, Calif., Jan. 13.—Fred Berger, hard-hitting St. Paul outfielder, was purchased by the San Diego Padres today. Berger played more than 100 games for St. Paul last year and batted .291.

BOWLING RESULTS

The Merit Shoes continued to hold first place in the Commercial league at the Grate Recreation alleys last night, taking two out of three games from the Smith's Creamery.

Remaining three games behind the Merit team, the second-place Salem Label Co. took two out of three games from the Ohio Bell.

The Washingtonville Odd Fellows climbed into third place, replacing Smith's Creamery, by taking three games from the Grate Recreation.

Leotonia Super Service took two out of three games with the Salem News, Berg's Bretzels won three heats with Grate Service and the Crescent Machine.

The Glidden Paint ladies team of Salem dropped a decision to an Alliance ladies team in a special match at the Grate alleys last night. The score of the match was 224 to 218.

Mrs. Ruth Hine of the Glidden team was high for both teams with a 526 series on games of 149, 175 and 202.

MORGAN CAGERS TOP BACHELORS

Salem Team Loses to Alliance Quint In First Game of Season

Falling far behind in the first half the Temporary Bachelors fell before the Morgan Engineers of Alliance 32 to 25 in their first basketball game of the season at Alliance last night.

After trailing by 10 points at halftime, the Bachelors rallied somewhat in the third and fourth quarters but they were unable to cut down the Engineers big lead.

Bob Minamyier hooped three field goals and six free throws to lead both teams in scoring with nine points.

The Bachelors will meet Damascus High school varsity, Jan. 18, in their next game. John Herman is coach of the team.

Vaughan Signs

PITTSBURGH, Jan. 13.—Arky Vaughan, the Pittsburgh Pirates' shortstop whose heavy hitting last year placed him in fifth position among National league batters, returned his signed contract today.

The salary was not announced, but informed observers said it was certain Vaughan received a substantial increase.

MOTORS REMAIN UNDEFEATED BY BEATING WHIT'S

Althouse Cagers Chalk Up Fifth Straight League Win

Moving a step nearer the first half championship of the city's Class A Basketball league, the Althouse Motors posted their fifth straight victory by walloping Whit's Garage, 30 to 13, in one of four games at the Memorial building last night.

The Motors need only two more victories to sew up the first half title.

Held practically even in the first half, the Motors unreeled a second-half scoring spree to trounce the Garage team without much trouble. The Althouse quintet scored 20 points to six for Whit's in the last half after holding a 10 to 7 lead at the intermission.

Bill Cope, Earl Zelle and Sammy Drakulich each hooped three field goals to pace the Motors to victory. Wiggers was outstanding for Whit's. The defeat was the fifth the Garage team has suffered in as many league games.

The Shasteen Sinclairs remained close on the heels of the Motors by posting their fourth win in five games, an 18 to 14 triumph over the Silver Streaks.

The Sinclairs came from behind in the second half to win the contest after trailing by three points at halftime. The score at the intermission was 10 to 7. Eddie Pukalski scored seven points in leading the Shasteen five to the victory.

Chalking up their fifth victory in six games, the Texacos turned in the most one-sided victory of the season in romping to a 19 to 2 triumph over Robert's Men's Shop in one of two Class B games.

Robert's cagers missed frequent shots from the field and the foul line. Conversion of free throws by Catlin and Cyrus saved them from being "whitewashed."

With Coburn, Ward, Brantingham and Kimes scoring, the Texacos scored nine points to the Robert's one in the first half and 10 points to Robert's one in the second half.

Led by Frank Theriault and Stuart Wise, the Methodists "A" registered their fifth victory in six games by taking the measure of the Carroll Clowns, 31 to 24. Theriault tallied 10 points, while Wise chalked up nine markers.

Breezy Briefs Of Sport From Various Spots

By EDDIE BRIETZ.

NEW YORK, Jan. 13.—Philly gazettes report at the Maxwell trophy dinner down there the other night, the boys were afraid to ask Davey O'Brien to pass the milk (or anything else that spills) lest the guy forget himself and really pass it.

Max Baer stopped traffic in the new Associated Press building yesterday when he called to visit the film concern with which he has signed a five-year contract.

Max says his baby boy already is under contract to Anell Hoffman and that the kid's fingerprints have been registered with the California Athletic commission.

You've been hearing of a split between Sam Braden and Branch Rickey annually since 1923, so just forget the current revival. The combined ages of Len Harvey and Larry Gains, who are to fight for the British heavy-weight championship March 16, must total 80 years, at least.

Elmer Layden visited Lou Little at Columbia this week and was introduced to the mysteries of handball, as played by
